Taranis Resources Inc. announces Debt Settlements and Provides Additional Information on Four Important Exploration Targets Peripheral to the Core Mineral Resource

Estes Park, Colorado, June 9, 2026 – Taranis Resources Inc. ("Taranis") [TSX.V: TRO, OTCQB: TNREF] announces that it has negotiated debt settlement agreements with a non-arm's length creditor and a trade creditor pursuant to which indebtedness totalling $197,543.66 in respect of certain outstanding principal and interest loan obligations and in respect of an outstanding trade payables is to be satisfied by the issuance of 1,316,958 common shares at a deemed price of $0.15 per share, subject to regulatory acceptance.

In addition, Taranis has produced four videos that can be found online at Drill Targets - Thor Project - YouTube. These videos provide an overview of Taranis' unique approach to exploration, moving outwards from the well-defined core Mineral Resource. They also show how Taranis uses 3D geophysical and geochemical processing to map the subsurface in mature exploration terrains.
